# Sampling in Catalonia

# Sampling for Primary schools

# Sampling for Secondary schools

# Sampling process (1)

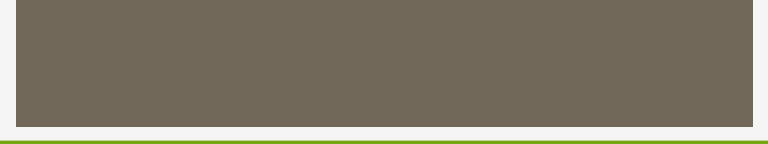

- Parents passive consent: active consent only needed under 12 if not anonymous.
- Quality of the data:
  - 1 or 2 research assistants present in all questionnaires administration.
  - Training sheet.
  - “Stratification” not for “representative” purposes, but to guarantee diversity of the sample in key demographic characteristics.

## Sampling process (2)

- Online data collection, using one computer with internet connection for each student. The questionnaire paper version was used in a total of 34 centers (N=700).
- Few schools include Primary and Secondary: Different sampling process. Fewer Secondary schools in rural areas.
- Not possible to know on beforehand the (mean) number of students per classroom /level at each
